

THE IRIS & CORONAVIRUS

Alas, we're all at home; You and me too! For us, this is new!
So, what are the best things at home we can do?
Let's rest in this test and engage our duty to think of beauty.
Do you know the power of a beautiful flower named the Iris?
The Iris is unlike Coronavirus! It lends its beauty so abundantly.
In a glance, it's beauty can set your spirit free!

Unlike the Coronavirus, the Iris beams onto the scene like an awakening dream!
While the virus begs to spread like a plaque, it will never vow or surrender to splendor.

Thus, the Iris in contrast is pure loveliness unmasked!

Deadly and dangerously the virus spreads, sadly, it can leave one dead.
But the Iris is like a rainbow in the sky, appealing and appeasing to the eye.
No need to cry or ask why; Of its magnanimous glory does the Iris testify.
So, the best thing we can do is not be annoyed but direct contacts avoid!
Staying at home doesn't mean being alone. It's simply the best safety zone.

Notwithstanding, you now have more time to read; More time to plant new seeds to succeed!
Like an Iris that grows up from the ground, let hope and confidence in God's presence, surround!

Tis, the Coronavirus is unlike the Iris! The virus is global and not noble.

It brings gloom unlike the Iris' bloom that's liken to a melodious tune!

The virus brings fear and torment as it's sent and spent without any intent to relent or repent!
Prayer, hope & faith are the right mix to fix not politics! God plays no tricks! He has real power to fix!

We cannot change the things God has pre-ordained and pre-arranged.

But we can all call on the power of his name just the same!

Moreover, his love and power are much greater than haters, And much higher than liars!

Nevertheless, yet and still the Iris soars with majestic beauty that roars but never bores!

God knows all that a people or nation will face. It's why he extends to every race unlimited grace!

Sadly, and unfortunately, the virus can lead one to the grave. But the power of God Almighty saves!

From the grave, He, Himself, was raised! Therefore, be not amazed! Just know God saves!

While at home & while finding new chores, and making s'mores, remember to talk to God and ask him
to open new doors on our nation's seashores! Chat or tweet! Just keep your thoughts sweet!

Also, never let hope slide. Have faith in God and in his words and power, safely abide.

God promised to heal us of all of our sicknesses and diseases as he pleases! It is simply our task to ask!

The Coronavirus is unlike the Iris! Truly the Iris sparkles like a star, and the virus claims lives by far.

Always remember what God has said in his words. Have you not heard? Said he to you and to me:

"If my people, which are called by my name, shall humble themselves, and pray,
and seek my face, and turn from their wicked ways; then will I hear from heaven and will forgive
their sin and will heal their land. (II Chronicles 7-14 KJV).

In my farewell of words of comfort and encouragement to America and to the world at large:

Just know: "GOD'S IN CHARGE!" And no weapon formed can harm when we call! Just call! That's all!

To all occupying God's land; Holdfast to his unchanging hands; Trust & obey his voice and commands!

The Coronavirus is unlike the Iris! One is scented with fragrant perfume, the other looms with doom!

Let us pray the virus dies and the Iris continues to bloom from morning to night and until noon.

Yea: Yea, may all say: "For the Iris but not for the virus shall we all make room for new blooms!"

PEACE BE STILL AS WE STAND STILL WHILE GOD HEALS ACCORDING TO HIS WILL!

ON THIS & EVERYDAY, TOGETHER LET US PRAY ALL OF OUR FEARS AWAY!... "AMEN & AMEN!"
